

**Want to know more about  
PMPA's Committees?  
Are you interested in serving  
on a Committee?**

## PMPA's Standing Committees

If you have an interest in serving on a particular committee, please check the box and a staff member will contact you.

**Government Affairs Committee –**

**Mission:** To identify legislative and regulatory issues having a significant impact on the Precision Machining Industry; to provide background information and appropriate tools to encourage Industry members to express their views on those issues to elected and unelected officials in Washington; to partner with other organizations to leverage our Industry's impact on those issues; and, to identify and support selected Federal office candidates through the PMPA PAC.

**Human Resources Committee –**

**Mission:** To develop and provide members with tools for enhancing the effectiveness, productivity and satisfaction of their workforces; to disseminate information to assist members in complying with regulations; and to provide regulatory agencies with positions on the practicality and economic impact of proposed regulations.

**Information Technologies Committee –**

**Mission:** To provide strategic direction to PMPA members, their technical advisors, and PMPA staff to improve the quality, productivity and global competitiveness of precision machine products manufacturers through the provision of innovative, contemporary and accessible technology in computing, media and telephony services.

**Management Update Committee –**

**Mission:** To plan, develop, promote and conduct the annual Management Update Conference and other conferences, workshops and seminars, as appropriate.

**Marketing Committee –**

**Mission:** To identify sales and marketing concerns of members and provide timely and appropriate information, promotional materials and networking opportunities, while educating Industry customers on effectively purchasing precision machined products from PMPA members. Promote Association membership.

**Precision Machining Technology Show “PMTS” Committee –**  
**Mission:** To advise in the planning, promotion and policy development for the Association’s trade shows.

**Quality Committee –**  
**Mission:** To provide educational and advisory information on quality topics to improve the members’ manufacturing and competitive advantage.

**Statistical & Financial Resources Committee –**  
**Mission:** To provide strategic statistical, financial and operational measures and resources to PMPA members to sustain and improve members’ global competitiveness.

**Technical Program Committee –**  
**Mission:** To provide relevant technical programming to lead and support the Association members to achieve global competitiveness.
