PMPA - Legislative Update

President Obama promised “change” during his run for the presidency in 2008. Now, as the mid-term elections loom on the horizon, will there once again be significant “change” in Washington, D.C., during this election season, or not?

Omar Nashashibi, a founding partner in the Washington-based lobbying firm, The Franklin Partnership, LLP (PMPA’s retained lobbyist) will address the upcoming mid-term elections focusing on key Senate and House races and what we can expect in the next Congress. He’ll also address the aggressive agenda the Democratic-led Congress could potentially undertake, if they become a lame duck legislative body, and what impact that could have on our businesses and personal lives.

During this kick-off meeting of the Lancaster Chapter’s 2010-2011 program year, you’ll also receive an update on the legislative priorities of the Association and how you’re being represented in Washington, D.C. by the Franklin Partnership. This will be an interactive presentation and discussion, so bring your questions for Omar and get the latest information from PMPA’s Capitol Hill representative.

The September meeting will be held at The Hamilton Club of Lancaster. Please note that the dress code for the Club requires that men wear sport coats.

WHO SHOULD ATTEND: This meeting will be of particular interest to your company’s upper management and HR personnel. Plan on attending this informative and worthwhile afternoon!

TO REGISTER: Complete and forward your reservation to Michael Gammache, Machined Products Company, by Wednesday, September 8th.
