PMPA Announces a New Membership Directory APP

PMPA is pleased to announce our first Membership Directory App for your mobile device. The APP now replaces the PMPA Membership book. Member contact information (name/company/phone/email) can be viewed through the alphabetical directory listing or specifically by membership category (Active/Associate/Technical) located at the bottom of your mobile device screen. A search function is also available for quick reference. Updates to this App will be done on a monthly basis to keep the directory fresh and current. Secure a copy of the free App by using the links below (or search "PMPA" in the App store).

Apple: [Apple iTunes Store](#)

<https://itunes.apple.com/us/app/pmpa-directory/id1020429588?mt=8>

Google: [Google Play](#)

<https://play.google.com/store/apps/details?id=com.pmpa.directory.droid>

Using the App is easy. The App opens to an alphabetical listing of PMPA member companies. Touching an entry will take you to a page with that company's contact/directory information.

At the top of the screen you will note three additional functions: **Home**, **Guide** and **News**. These are links that will take you directly to the PMPA website as follows:

HOME - This will take you to the mobile friendly PMPA website homepage to access the materials available there.

GUIDE - Will take you to the **PMPA Buyers Guide** where you can search for a PMPA member company by keyword or capability - say, CNC or Fittings. It will return a list of companies matching your search description. Touch any one of those results to go to their website to confirm and get contact information.

NEWS - The news function will take you directly to the latest breaking news updates posted on PMPA's website.

We are certain you will find this to be a handy utility to keep you connected to PMPA. If you have any questions regarding the new Membership Directory App, please contact Monte Guitar at PMPA - mguitar@pmpa.org
