

Education Foundation Objectives

The PMPA Education Foundation is a 501(c)(3) charitable organization formed for educational and research purposes related to the Precision Machined Products Industry.

Funds are currently available to assist individuals, schools and companies for education and training activities related to the precision machining industry.

The Education Foundation began distributing grants in December, 2004, and has awarded 139 grants totaling nearly \$166,000.00 for training projects.

Since its inception in 2001, the **Education Foundation Golf Outing at PMPA's Annual meeting has raised over \$180,000.00.**

To learn more about the Foundation, contact the Precision Machined Products Association at (440) 526-0300 or visit the **PMPA Education Foundation website:**

2014 PMPA Education Foundation Golf Outing

The most treasured asset of our companies are the people who work in the shop and make things happen on the production floor.

For many of us, a large number of these highly skilled machinists will be retiring in the next 3-5 years. Now, more than ever, it's time for us to commit additional resources to improve industry training initiatives and build the workforce of tomorrow!

*One way to show your support is through sponsorship of the PMPA Education Foundation Golf Outing, the Foundation's largest annual fundraising event. **The 2014 Education Foundation Golf Outing will be held on Sunday, October 19th, at Raptor Bay Golf Club in Bonita Springs, Florida, during the Association's 81st Annual Meeting.***

There are several ways to participate with four levels of sponsorship — PMPA Education Foundation Golf Outing sponsorships are tax deductible. While we hope to see everyone in attendance at this year's event, you are not required to participate in the golf outing to be a sponsor.

On behalf of the PMPA Education Foundation Board, I'd like to encourage you to consider sponsoring this fundraising effort so the Foundation may continue its support for industry training programs to create a more stable workforce to help us all succeed!

David R. Knuepfer
Foundation Chairman
DuPage Machine Products, Bloomingdale, IL
