Karl Roll GmbH & Co. KG is one of Europe’s market leaders in the field of industrial parts cleaning. This standing has been achieved by Roll engineers applying uncompromising quality standards in the production of high quality Roll cleaning systems. The Roll product range comprises all available techniques of wet cleaning of your parts: proven solvent cleaning facilities, both for hydrocarbon cleaning agents, modified alcohol and perchlorethylene, as well as wide range of aqueous cleaning systems. Karl Roll GmbH & Co. KG received the Supplier Award from the Bosch Group for 2005/2006. This event comes with a seminar on Cleaning technology, clean room design and particle size and weight requirements and achieving those goals with different kinds of degreasing solutions. There will be a speaker from Roll Germany and also solvent suppliers discussing different cleaning agents.

WHO SHOULD ATTEND:

This meeting will be of particular interest to your top management, foremen/supervisors, engineers, quality and shop floor personnel. Plan on bringing these folks to what promises to be a very informative meeting.

OPEN HOUSE

**NOV
20-21**

**WHEN?
WHERE?**

4950 W. 79 St.
Indianapolis, IN
46268 USA

You are cordially invited to attend the ZPS America, LLC "Fall Open House 2014". This exciting event runs November 20th and 21st at our Indy facility.

Come and tour ZPS America to view all the latest cutting edge technology we have to offer, including our CNC Multi's, CAM Multi's, and Swiss. Exhibits will include, but are not limited to, an 832 CAM, a 620 CAM Bar, and an 867 CNC. The 867 CNC is the only 8-Spindle full CNC Multispindle machine with 17 tool carriers and Y-Axis for up to 30 quick change tools that can machine bars up to a 3 inch diameter. The machines will be performing test cuts and demonstrating their fast and complex, yet precise abilities.

Along with the machine showcase, ZPS America will be demonstrating the latest developments in parts cleaning technologies with 4 Roll degreasers ready to test clean your parts. In addition to demonstrations, we will have sessions with experts in clean room design, particle size requirements and how to meet them as well as Experts from Roll Germany available to talk about all your parts cleaning requirements or issues.

To top it all off, we will be celebrating "Czech Beer Fest" Thursday evening. Featuring authentic beverages, food and entertainment. Need some more high tech? A Tesla automobile will be on display for you to explore.

Would you like to share the excitement? Please bring your spouse along. A free shuttle service to and from Indy's finest shopping mall, Keystone at the Crossing, will be available.

Please mark this event in your calendar (November 20th and 21st). Gear up to come and see the nerve center of ZPS Machines and Roll Degreasers, where fast, ultra precise and ultra clean parts are born!

To RSVP, please [click here](#) and fill out the form. When you RSVP and attend our Open House, you will be registered for our Raffle of an Apple mini iPad, as our top winner, and numerous Best Buy gift cards. Please make sure you reserve ahead since we only have a limited amount of rooms blocked for the event.

Sincerely,

Olaf Tessarzyk | President & Managing Partner
