

Burr Prevention

- DATE:** Thursday, November 15, 2018
- LOCATION:** Absolute Machine Tools - Technical Center
7944 Innovation Way
Mason, OH 45040
- SCHEDULE:**
- 3:00 p.m. Open House
 - 3:30 p.m. Networking
 - 4:00 p.m. Presentation
 - 5:15 p.m. Casual Dinner / Re-cap / Facility Review
- COST:** Free of Charge (Please be sure to register using the link below.)

Please plan on attending an informative session about preventing burrs including, proactive measures for both Cam and CNC machinery. Absolute Tool's Greg Knight & Phillip Judt will lead the discussion on what you can do to prevent burrs in your machining processes.

About the Speakers: Greg Knight is Absolute Machine Tools' VP of Sales for production turning products. Greg's career in manufacturing management has stretched more than 40 years, beginning with being a job shop owner in a family business, and spanning machine tool manufacturing and sales. Phillip Judt has spent 23 years in the machine tool industry. He has 17 years in job shops (CNC lathes, mills, Swiss), two years as Apps Engineer with Citizen, and currently two years as an Applications Engineer for Absolute, and has earned his Tool & Die Maker Apprenticeship.

About Absolute: For the past 30 years, Absolute Machine Tools has provided metalworking solutions and comprehensive services for manufacturers across the US and Canada. Absolute has worked with several of its principal machine tool partners since its inception to offer the most productive, well-built, reliable machine tools in the industry today. Because of this, Absolute Machine Tools has built a solid reputation on exemplary service, applications engineering, comprehensive training, effective preventive maintenance programs, and customer support.

Who Should Attend: This meeting will be of particular interest to all levels of your organization, including Operators, Manufacturing Engineering Managers, Plant Managers and Owners.
