This presentation will be an overview of the updates and changes in manufacturing regarding the new ISO 9001:2015 standard, as well as the new IATF 16949 standard. Following a brief presentation highlighting the major changes, the floor will be open for questions. What changed? What does that mean for my business? What do I have to do to get updated? Feel free to inquire about environmental standards, cleanliness standards, or medical and aerospace standards.

**Who Should Attend:** This event will be perfect for quality managers planning their transition, owners and managers considering getting accredited, and sales personnel who need to understand what their target industries are requiring.

**About the Speaker:** **Chris Miller** (Chief Technical Officer) offers 30+ years of experience as an accredited auditor and trainer. He provides technical leadership and oversight management in the planning, scheduling, auditing and administration of EAGLE's certification process. He has over 15 years of experience as a Senior Electronics Engineer with DSCC/DESC. Chris holds a B.S. from the University of Dayton in Electronics Engineering and is a certified lead assessor.
