

Since 1947, the Gold Micrometer, the symbol of the Association, is an award presented to those members who have actively served the Association and the Precision Machined Parts Industry for many years.

The Board of Directors has adopted the following criteria for eligibility for the award. Candidates are annually reviewed and approved by the Executive Committee.

The requirements are:

1. The recipient must be an active officer, partner, owner or executive with policy-making responsibility in the member company.
2. The recipient must have been directly connected with the manufacture of precision machined parts for a total of forty (40) years.
3. The recipient's company must have been a member of the association for ten (10) years as of the time of presentation. The years of membership are to be consecutive, not accumulative.
4. The recipient must be currently active in the daily operation of the company.
5. The recipient and the recipient's company must have demonstrated active support for the Association, such as attendance at PMPA national or local meetings and events, participation on Association committees, and involvement in association governance groups, including local Chapter leadership, by the recipient or others from the company.
6. The recipient must be present in person at the upcoming Annual Meeting to accept the award.
7. The attached application for the award must be submitted by the recipient, or by an officer of the company, by June 1st of the year in which the award is to be presented.

## ***PMPA GOLD MICROMETER AWARD*** **APPLICATION**

Applicant Name: \_\_\_\_\_

Applicant Company: \_\_\_\_\_

Executive Position: \_\_\_\_\_

Applicant's work span covering 40 years in the Precision Machining Industry:
